Educational, Teaching

Paraprofessional

Payette Lakes Middle School September 2008 – August 2009

McCall-Donnelly High School September 2009 – Present

Teach secondary Resource English classes—design reading and writing lessons while pacing them to match the students' skills, build formative and summative assessments and develop an active learning environment for students while encouraging them to meet high expectations

Co-teach English classes—design and teach challenging lesson plans

Tutor students individually to help them better understand and complete their assignments

After School Program Director City of McCall

October 2007 – June 2008

Managed an After-School Program for grades 1-5

Planned a variety of fun and educational activities for young people three days a week

Adjunct Faculty Boise State University

- Fall Semester 2000—May, 2005
- Taught CIS 104, 105, and 106, Access 2000, Introduction to Computers and Windows, Office 2000, and a customized software class.

Educational, research

Graduate Assistant Boise State University

Developed educational workshops for statewide emergency health care providers for re-certification as nationally accredited EMS providers.

Developed and conducted a survey of statewide EMS providers, the primary objective of which was to perform a needs assessment among statewide EMS providers, and consequently, to provide information to BSU to determine the most appropriate and best level of continuing education training for EMS personnel.
